NO. 13

Educational Week

Governor Black has proclaimed the week of August 25-30 as educational week in Kentucky and calls upon all school officials, every teacher and every citizen to devote their whole time during this period toward arousing a burning interest in these subjects among the people of their localities. He recommends that all gatherings or occasions in conflict with the State wide educational campaign be postponed and that all who are devoted to other interests abandon them for the time that such an impetus may be given to these great educational problems as will lead to their wise and speedy solution.

New Law on Cream Testing

Effective August 15 the new cream testing law becomes operative in Kentucky. According to the new law all creamery companies in this state buying and testing cream must preserve an ounce of each test for twenty-four hours for state inspection. By this, it is to be supposed that the cream will be inspected and the test too. The new law is a very important one to both producer and consumer of butter. So many farmers in the vicinity of Clay City are shipping cream this matter should be of much interest to them.

Petition For Pardon

A petition is being circulated by friends of Clem Abney, asking Gov. Black to extend to him executive clemency. Abney is serving a term of twenty years in the penitentiary for the killing of Halden Ballard on Hardwick's Creek two years ago. Before the killing, Abney had the reputation of being a good citizen, and the trouble was a surprise to all who knew him. The petition is being freely signed, we are informed.

Wants More Leases

G. C. Barrett, of Floyd county, was here yesterday endeavoring to get a house so he could move here. Mr. Bassett is an oil man, originally from Pennsylvania. He is wanting to get a bunch of oil leases in the vicinity of Clay City upon which to do some drilling. Here's hoping he gets the house, the leases, and "last but not least," that he gets oil.

Will Move House

Mrs. Jennie Russell has made a gift of the Sample room at Central Hotel to her son, Charlie Russell. Mr. Russell will move this building to his lots near the Oak spring where he will fit it up for a residence and will occupy it. Joe Mountz has the contract to move the house and will begin the work in a few days.

Pie Supper

Miss Della C. Portwood will give a pie supper at the Snow Creek school house, where she is teaching, Saturday night, Aug. 16, for the benefit of the school. Everybody invited to be present.

Right-of-Way Secured

Judge Daniel closed the deal for the right-of-way for the new road through the premises of Mrs. Thos. Ogden and T. B. Ware, and started work on this road Wednesday morning. The deal for the two places calls for about \$300 and must be raised by the people as the Judge flatly refuses to take any of the county funds to pay right-of-way for the new roads. The right-of-way for the road on the first survey has all been secured and signed up, but some changes have been made which calls for additional damages. Those persons interested in the road are gladly responding with the necessary cash to adjust this right-of-way.

To Visit Missouri

Mr. and Mrs. E. R. Clark started Saturday for their home in Kansas City, Mo. They were accompanied by Mr. Clark's uncle and aunt, Mr. and Mrs. Geo. W. Clark, of Vaughn's Mill. They are motoring through in Mr. E. R. Clark's Overland touring car, going from here first to James Douglas' near Louisville for a brief visit. The time necessary to make the trip is five days.

Twelve Dollars Realized

Miss Ruth Shearer, of this city, who is teaching the Vinton school, sold at her school house Friday night cake, pies, lemonade and etc. A large crowd was present and the sum of \$12 was made, which will be spent for the benefit of the school. The school is progressing nicely with close to forty-four scholars in attendance, daily.

The Reynolds' Sale

The sale of live stock and land at Carter Reynolds' Saturday was well attended. The price bid for the lands was unsatisfactory, and both farms were withdrawn. The live stock brought very low prices, but all that was advertised was sold. Col. Howard Watts was auctioneer.

Charlie Bush Buys Land

Charlie Bush has purchased of Naoma J. Sams twenty-three acres of land adjoining his farm on Hardwick's Creek for \$1,000. This additional land, when added to Mr. Bush's already nice little home, will make a most desirable small farm.

Kennon Property Sold

The Kennon property on the front street that is now occupied by A. P. Johnson as barber shop, has been sold by Mr. Kennon to Mrs. Carrie Groves who will cut up the property into rooms and rent them. The property sold for \$1,000.

Buys Winchester Property

Claude Sams has purchased a house and lot on Winn avenue in Winchester for \$1,250. Mr. Sams bought this property as an investment and will not move there, but keep it for rent.

Stanton Wins

The game of base ball played Friday between the Stanton and Clay City boys resulted in favor of Stanton by a score of 15 to 4.

To Open Sept. 1st

The 24th semi-annual term of Stanton College will open September 1st, as per advertisement in this issue of The Times. This school has grown in favor with the public and in course of instruction from the beginning. Quite a number of improvements are added from year to year. The enlargement of the campus and the building of the girls' dormitory, fully equipped with electric lights, are some of the recent improvements added to, this destined to be, leading school in Eastern Kentucky. The return of Prof. McConagha as President of this institution will add to it new life and maintain its prestige as a very capable school of higher learning.

Bridge a Go

The Fiscal Court in session at Stanton Saturday agreed with a representative of the bridge subscription committee that the Court would pay half the cost of the bridge at the old Forge site. The county will make contract for the bridge soon as the regular formality of the law can be complied with. While the county assumes half the cost of this bridge, it will get as much state aid money next year as it will be out this year, so in reality the bridge will cost the county nothing, and the people who put up the other half can get their money's worth back the first year after it is built.

Hardwick's Creek Road Grading

Judge Daniel has been grading the Hardwick's Creek road and has the job completed as far as the Granny Howard hill. The county grader drawn by the county truck, makes an ideal combination for road work wherever they can be used. With the proper co-operation of the people and the county good roads could soon be had in all parts of the county. Trying to get two prices for road work often defeats a worthy project.

At the Fair

The Rubin and Cherry shows booked for exhibit at the Blue Grass Fair, Sept. 1-6 is composed of 20 car loads of high-class attractions, and also includes three riding devices of the latest pattern. This is the only organization of its kind ever permitted or engaged to show in one of Uncle Sam's cantonments. Every show it carries is clean and wholesome.

Buys Land on Hardwick's Creek

Everett Burgher, of Winchester, was here Tuesday and closed a deal with Claude Sams for a small farm of 10 acres on Hardwick's Creek. The price paid was \$950. Mr. Burgher will probably move to this place next year.

Tax Commissioner Here

R. Jackson, deputy County Tax Commissioner is in the city today taking lists. This is very kind of Mr. Jackson, for it is no requirement of the law, which provides that all tax payers of the county must go to the county seat to give in their property.

State Memorial

Congressman Cantrill is backing a movement to have a state memorial building erected on the Campus of the State University to cost \$300,000. The money is to be raised by popular subscription, and but little difficulty is expected to raise the funds. The proposed building will be used to house student activities, and will have a large auditorium for student assemblies. Such a use will further dignify the memorial, which is to have in the rotunda, tablets bearing the names of men from each county who gave their lives, and will keep forever green the memory of those we wish to honor.

Wants an Explanation

The L. & N. railroad refused the Winchester Methodist Sunday School an excursion to Natural Bridge, stating that no excursion would be run there this year. The L. & N. later granted the Winchester Christian church Sunday School an excursion, such as had been denied the Methodists. This has provoked Geo. E. Tomlinson, superintendent of the Methodist school, to go after the L. & N. officials for an explanation, which will be watched for with great interest.

Baptising Sunday.

Protracted services will continue at Powell's Valley over Sunday with dinner on the ground and baptising immediately after dinner. Elder E. O. Nall, pastor of the Irvine Baptist church, is assisting Pastor Turpin. Elder Turpin filled the stand at Irvine Sunday for Elder Nall, while Bro. Nall preached at Powell's Valley.

A Big Supper

A combined box and ice cream supper will be given at the Waltersville consolidated school building Saturday night, Aug. 23rd, for the benefit of the school. It is the intention of the teachers to use the proceeds to buy two of the new sanitary bubbling drink fountains, and any excess amount will be applied to the school library. Everybody is, of course, urged to attend.

H. G. Crabtree Ill

H. G. Crabtree is confined to his home near the city with an attack of typhoid fever. The many friends of Mr. Crabtree are very anxious about his condition, wishing for him a speedy recovery.

Will Preach Sunday

Prof. McConagha, of Stanton College, will preach at the Presbyterian church in this city Sunday morning. A good crowd should hear him.

A Light Shower Visits Us

A nice shower of rain visited us last night. Much more is very badly needed, the ground has not been thoroughly wet for several weeks.

Sells Stock of Goods

Martin & Co., Rosslyn merchants, sold their store to T. C. Hall and Rupert Derickson, and the inventory is now in progress.

Rev. J. M. Adams filled his appointment here Saturday night and Sunday and delivered three good sermons with one addition to the church.

Rev. J. H. Johnston, of Middletown, Ohio, failed to reach here Sunday owing to sickness. He got as far as Cincinnati and had to return home but hopes to come when he recovers.

Thomas Forbus, of Middletown, was shaking hands with old friends and acquaintances Monday. He reports that our Kentucky people there are getting along and have plenty of work.

Among those attending church from Nada Sunday were Mesdames Ila Mays, Polly Birch and Mrs. Houcher; the Misses Hanks, Lola Sullivan, Edna Combs, Mrs. Laura Centers, and others whose names we failed to get.

(Last Week)

Mrs. Emmitt Faulkner and children visited the family of Albert Knox last Thursday.

Mr. and Mrs. John Sparks and William Sparks, of Winchester, visited Mr. and Mrs. Shirley Sparks Saturday and Sunday.

Mrs. Tom Edge was visiting her old friends and neighbors at Slade and Nada last week. She was accompanied by Mrs. Henry Woodard and baby.

Misses Ella and Minnie Congleton, and Mrs. Marion Atkinson left Monday for Canada, Niagara Falls, and other places of note. Will return in about two weeks.

Mr. and Mrs. Atkinson will move to Stanton in the near future. We regret much to lose them, but are glad they will still reside in Powell county. They are desirable people to have in a community.

The following children from the Slade and Nada consolidated school are attending school at Campton Junction where Miss Bettie Proffitt is teaching. Olan Langhead, Cravan Knox, Ula and Ernest Adams; Maggie, Rosa, Lucy and James Ford, Connie and Lucile Faulkner, and Hazel Ewen. Miss Bettie taught in the primary room in the consolidated school last year and is a favorite among the children.

Mr. and Mrs. E. R. Clark, who have been with relatives here the past three weeks, departed Saturday in their Overland touring car for their home at Kansas City, Mo. They were accompanied by Geo. W. Clark and wife, who will spend about thirty days with various kin in that city before returning, whither they will travel by rail.

PRINCE ALBERT

the national joy smoke

Copyright 1919
by R. J. Reynolds
Tobacco Co.

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

Kentucky Crop Report

The very early wet weather in the spring retarding planting of corn and other crops followed by weeks of extremely dry weather, has made a very unfavorable season for the farmer.

Early corn has suffered much damage, especially on the uplands, as have gardens and pastures also. Rains in many localities have brought relief and will aid all crops.

Wheat did not come up to expectations. The State average is given at 11 bu. per acre, running in various sections from 9 bu. to 14 bu. as sectional average. This is 3.9 bu. less than last month's estimate. In some localities it is reported as threshing exceptionally light. This average is one bu. per acre less than last year.

On a preliminary estimate, rye is averaging a yield of 11 bu. per acre; while oats is averaging 20 bu. per acre, which is 2 1/2 bu. per acre less than last year's estimate.

The outlook for the corn crop is for a short one, owing to the excessively hot, dry weather. Corn on the lowlands has not suffered to the extent that corn on the ridges has. The western and northwestern parts of the State show the greatest damage from drouth.

Great stress is laid upon the need of copious rains during this month, in order to bring crops up to anything like normal.

Corn acreage shows at 91 per cent, while condition is given at 74 per cent. This is 20 per cent lower in condition than has been given for several years, and would indicate an exceptionally short crop of corn.

KILLS RATS

and mice—that's RAT-SNAP, the old reliable rodent destroyer. Comes in cakes—no mixing with other food. Your money back if it fails.

Meeting of Cattle Men

One hundred and fifty breeders attended the annual open air meeting of the Kentucky Holstein Breeders' Association August 5th at Coldstream Farm near Lexington. The guests were shown the herd bull which was recently purchased for \$100,000, a cow worth \$26,000, and other animals of great value.

Volunteered for Relief Work

Mr. and Mrs. James Prewitt have a letter from their son, Sergeant Paul Prewitt, saying that
